Acrobatic class summaries and prices:

Fun4Baby (4 mths – pre-walking, 45 mins)

Pre-book or drop-in - email us at contact@primeacrobatics.com with your email address and child's name and DOB to go on our emailing list

Designed to further the bond between parent and baby in a fun, clean, safe and friendly environment. We use a multi-sensory approach with the help of music, hand apparatus and age-appropriate equipment.

Babygym (walking, 1-2 yrs, 45 mins)

These classes are with parent; unstructured and based around a circuit of coach-led activity stations where your child can explore and discover movement at their own pace. Through music and action songs the children gain experience of social interaction with adults and children outside their family unit.

Gymtots (2-3 yrs, 45 mins) **and Supertots** (3+ yrs, 45 mins)

Supported by a parent, these coach-led classes are more structured and give children the opportunity to use all the gymnastics and circus skills equipment. They can get to grips and have fun with age/ ability-appropriate challenges at their own pace.

Fledglings (3+ yrs, parent free, 45 mins) Coach referral is required for Fledglings classes

This is the first opportunity to join a class without a parent. Classes are designed to help develop basic motor skills including balance, coordination and spatial awareness. Your child will learn to interact in a group situation and take instruction from an adult other than their parent/ guardian, while developing their skills at their own pace on all pieces of gymnastic and circus apparatus in an enjoyable atmosphere. Before moving children into a Fledglings class, we first like to see them in a Supertots class so our coaches can make an informed decision on whether the child is ready to cope with a parent-free class.

Gyminis (Reception age 4-5 yrs, parent free, 45 mins)

These classes for reception-age school children introduce them to our acrobatic club classes, where they work in small groups of 6:1 with a British Gymnastics qualified coach. Each child now starts working through Prime's very own Reward Scheme*, where they are challenged according to their own ability.

Junior 1 – 6 (5-11 yrs, 1 hr)

These hour-long classes for junior school age children help them to advance and continue to develop their gymnastics, acrobatics, aerial and circus skills in a more disciplined environment, challenging themselves to move up through the Reward Scheme*.

Youth (11-13 yrs, 1 hr 15 mins) **and Teens** (14-16 yrs, 1hr 30 mins)

We use the Reward Scheme* to keep these young adults motivated and challenged. We help them develop their strength, mobility and awareness to expand the range and number of skills in their repertoire. Some may wish to specialise on their preferred piece or two of apparatus, do some partner work or undertake displays or competitions.

Flying Fossils (Adult 16+ yrs, 1 hr 30 mins) **and Young Flyers** (16-18 yrs, 1 hr 30 mins)

4-week short courses - email us at contact@primeacrobatics.com with your email address and name to go on our emailing list

Participants in this class range from ex-gymnasts to complete beginners who have been itching to have a go at our wide variety of acrobatic apparatus and disciplines. Classes are semi-structured and adults can work under the guidance of coaches towards their own goals, whether those are for the Stunt Register or simply to have fun, keep fit and learn new skills.

Additional Needs –

Sundays @ 10.00-11.00 | without parent, structured, coach led and coach referral is required

Sundays @ 11.00-12.00 | with and without parent, structured

Sundays @ 12.00-13.00 | with parent, unstructured

At Prime, we integrate some children with additional needs into our mainstream classes, while those requiring more specialised assistance come to our popular and progressive Sunday morning classes. The children get to use all Prime's gymnastics, acrobatics, aerial and circus skills apparatus under the direction of our qualified coaches. Call Erica on 01483 757777 to discuss your child's needs and register with us and we can guide you towards the most appropriate class for your family.

***Prime Acrobatics Reward Scheme**

Our Reward Scheme starts from beginners Level 7 to Level 1, where children receive a certificate for each level achieved, and then on to Bronze, Silver and Gold Levels, where they receive a medal. Each level has 13 gymnastic, acrobatic, aerial and circus skills and children need to perform 10 of those 13 moves to achieve that level. Early in the Scheme, children generally progress quite quickly but as the levels become harder it takes longer to progress through the Scheme.

Please call us on 01483 755777 to find out more or to book a Taster session!
